

VILLAGE OF SCHOOLCRAFT
BRUSH REMOVAL GUIDELINES

1. Brush pick-up will occur on the last Monday of each month beginning in March and ending in October. If the last day of the month is a holiday, brush pick-up will occur on the first business day thereafter.
2. Citizens may begin putting brush out for removal the Wednesday before the scheduled pick up.
3. Brush should be less than four inches (4") in diameter.
4. All cut ends of brush should be placed in the same direction, toward the road.
5. Brush piles should be placed between the street and sidewalk when possible.
6. Brush piles should be no larger than can be picked up by any one person.
7. Brush piles should not be tied together with any material.
8. Twigs must be bagged or boxed; we are unable to remove loose twigs.
9. Unacceptable materials include leaves, trash, vines, nails, building materials, roots, plants, dirt, stumps, and limbs or brush generated through the removal of a tree, bush or hedgerow.
10. Brush placed out in violation of these restrictions will not be picked up.
